

Module 2. Gender Equality

A tool to use to identify locally appropriate ways of promoting gender equality with potential solutions to barriers.

Exercise

Gender norms and inequality are maintained by social, cultural, economic, religious, legal and political systems.

a. Identify the differences between men/boys and women/girls in the following areas:

1. Culture
2. Religion
3. Law
4. Access to Resources
5. Politics and decision making
6. Access to Power

Include examples from your own experience or from other situations you are aware of.

b. Suggest ways in which this could be changed.
