

Module 3. Gender-based Social Barriers faced by Women Refugees & WRLOs

An Exercise which can be used when working with community groups and service provider networks, to gain their insights

The Jigsaw of Participation

Places where you want to participate as an equal	Barriers to this happening Why can't you participate fully?	What would meaningful participation look like. What would it allow you to do?	When you do participate, what allows and helps you to do this?	What needs to change to allow you to participate in each of these spaces?	Who can help with this?
In your family					
In your local area					
In your Ethnic community					
In refugee led groups and organisations					
In decision making with NGOs					
In decision making with UNHCR and other key agencies					
In Government agencies,					
In health services					
Education					
In Livelihoods					
Other places you might want to participate
